

La Charte d'International-sur-Loire

At International-sur-Loire we are concerned about quality. Therefore we pride ourselves on having strict quality controls. Developed after 10 years in the industry, our partner school screening is a guarantee for highest standards. We want you to trust our judgement.

Each partner school in France is labeled and each partner school abroad is carefully reviewed and either verified by Britta Vincent in person on site, or recommended by another professional partner we know in person and we trust.

Once a partner is accepted, he is reviewed on a regular basis.

Quality is a main concern but not our only one. We also expect outstanding human qualities such as benevolence towards our customers from our partners. We want happy students and satisfied clients.

All personal data you provide to us is protected by International-sur-Loire's Privacy Policy.

ISL guarantees that no information is divulged to third parties.

Britta Vincent
